You have the right to withdraw from an agreement within 14 days of signing without giving any reason. The withdrawal from the agreement period expires after 14 days of delivery. To use the right to withdraw from the agreement, you have to tell us of your decision to withdraw from the agreement by an unambiguous statement. You can use the above request for withdrawal from the agreement form, but it's not required.

To meet the withdrawal period, please just send us an information of the execution of withdrawal from the agreement within 14 days of delivery.

In the case of a withdrawal from the agreement, we will return to you all your payments, including the shipment costs (excluding any additional costs if you choose a delivery method other than the cheapest regular method offered by us), immediately, and in any case not later than 14 days of the date we have been told of the decision of the withdrawal. We will return the payment to the specified bank account. In any case, you will not incur any additional expenditures related to the return.
